Project title: Smart Electric Wheelchair

Client &/Advisor: Charles Forey

Team Members/Role: Xiayang Sun, Chenliang Xu, Ming Wu, Xin Ying, Sam Jones, Lyle Bishop

○ **Weekly Summary (Short summary about what you did this week)**

All team members had a team meeting on Tuesday 09/13/2016 after the lecture. During the meeting, we listed some advisors that may help us. But since the client did not reply our emails yet, we cannot make further progress.

○ **Past week accomplishments (please describe as what was done, by whom, when)**

Ming Wu tried to contact our client Mr. Forey. Rest of us were just gathering ideas for this project. The leaders of each area has been decided.

○ **Pending issues (if applicable)**

Our client did not reply our emails.

○ **Individual contributions**

- **Comments and extended discussion**

We learned some basic knowledge about the common electronic wheel, and tried to come up some ideas that can add on the smart wheel chair.

- **Plan for coming week (please describe as what, who, when)**

We will continue contact our client, if he did not reply us by next, we will talk to our instructor.

We will start to find an advisor for our group as soon as possible.

- **Summary of weekly advisor meeting (if applicable/optional)**
