○ **Weekly Summary (Short summary about what you did this week)**

For this week, there was no team meeting and advisor meeting. Every member was working on getting familiar with Android studio and UI design. We were also learning some Java programming, which may be useful for our project function.

○ **Past week accomplishments (please describe as what was done, by whom, when)**

- Chenliang Xu started to work on making our group website
- Every group member learned a little about Java programming
- Every group member was still studying to use Android studio and learning UI design.

○ **Pending issues (if applicable)**

- Get iBeacon by the end of this week
- Be sophisticated with Java programming, and using Android studio.
- Finish the design document Version 1.
